## Use of mobile phones and personal devices - updated March 2022

### Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

### Mobile phone use for primary school students

The Department for Education's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

### Storage of personal devices

Students' personal devices will be securely stored at school in a locked safe in the Principal's office during the school day. Students are to hand their devices in at the front office upon arrival to school and to collect their devices after dismissal.

### If the student does not comply

- Instances of non-compliance with the policy eg misuse of personal devices may result in the device being confiscated and stored in the safe in the Principal's office with the device to be collected by/returned to the student's parent/caregiver.

## Roles and responsibilities

### School staff

### Students

If permitted to use a mobile phone or personal device in line with an exemption under this policy, do so in a safe, responsible and respectful way and support peers to do the same.

Communicate respectfully with others and do not use a mobile phone or other personal device to bully, harass or threaten another person.

Respect others' rights to privacy and do not take photos, film or audio records of other people without their knowledge or permission.

## Parents

Support the implementation of the school's policy, including the consequences for non-compliance with the policy.

Use the school's formal communication channels in all instances to communicate with the school (including where a student requires early collection from school).
